Letter of reference for ECOVIS Beijing

To whom it may concern,

The Benelux Chamber of Commerce in Beijing and ECOVIS Beijing have maintained a close and trusting relationship since 2016. ECOVIS Beijing is an important contact for the Benelux Chamber, supporting us and our member firms in the areas of accounting, tax, legal advice and audit as well as consultations on market entry in China. We also highly value ECOVIS' expertise in the area of online accounting services, in which they partner with Chinese and international solution providers like Oracle and SAP.

The firm's offices in Beijing, Tianjin and Heidelberg employ Chinese and foreign specialists who have all proven to be very knowledgeable experts in their respective fields. We highly value the pro-active and solution-oriented way every single team member approaches our questions and the quick response time. The BenCham business community has benefited greatly from the in-depth knowledge with which the ECOVIS team has been able to resolve even difficult cases swiftly and to our fullest satisfaction.

We further appreciate the international and inter-disciplinary network of ECOVIS with offices in more than 70 countries around the world that has proven to be very helpful in cross-border transactions and other cases with an international scope. The growth of the firm to over fifty employees in only six years also attests to the quality of services and satisfaction of its customers and ensures the manpower to also handle bigger projects.

The Benelux Chamber of Commerce in Beijing can fully recommend ECOVIS Beijing as a trusted partner to anybody seeking a knowledgeable, motivated and responsible partner for their China business. We wish the company continued success in China and look forward to continuing and deepening our cooperation with ECOVIS Beijing.
