Letter of Reference

For over two decades, Ecovis, especially Mrs. Pingwen Hu and Mr. Richard Hoffmann, esteemed Partners at Ecovis, have been pivotal figures in our legal, tax, accounting and auditing counsel network. Through their commitment and “hands-on” practical support, they have established themselves as trusted allies for our organization and also proven invaluable key contacts in navigating the intricate landscape of Chinese tax and accounting regulations for the Austrian Business Community.

Using their extensive in-depth knowledge of Chinese legal, tax, accounting and audit business, Mrs. Hu and Mr. Hoffmann have demonstrated their expertise by drafting our “China Fachreport - Steuern und Buchhaltung”. Their deep understanding of the Chinese business landscape ensures that the guide is not only comprehensive and accurate, but it is also presented in a highly accessible manner, contributing to its widespread popularity among our Austrian companies.

We are very grateful for the continued support and professionalism exemplified by Mrs. Hu and Mr. Hoffmann.

We are therefore not only speaking for our organization but for many of our Austrian members when recommending Mrs. Hu and Mr. Hoffmann to any prospective client seeking a highly motivated, competent and responsible legal, tax or audit advisor.
